COMMUNITY PROJECTS - South Kanara - Communications - Kodibail Taluk -
Block II - Shankernarayana Village - Construction of a foot-bridge at
Kodibail - Estimate sanctioned.

Sanction is accorded to an expenditure not exceeding Rs. (2438/-) two thousand ~~two~~ four hundred and thirty eight only being three-fourths of the estimated cost of Rs.3250/- for the construction of a foot-bridge at Kodibail in Shankernarayana village in Block II. The balance of Rs.812/- required to complete the work will be met from contribution by villagers. The work corresponds to item N .12 under foot bridges in Block III in the overall programme. The sanction is counted against the relevant provisions in the overall programme.

The expenditure is debitable to 63.B.C.D.Projects J.
Communications - 1 Works.

Memo No. 74501 Agn (D.VI) 54-1 dt. 14.6.54

Sub: - C.P. - South Kanara Area - Works -
Standard rates Clarification

Ref: ~~id.~~ From the P.E.O. Mangalore No.

2421/54 Is dated 25.5.54

The Standard Schedule of rates of the P.W.D. are being adopted for works in the C.P. areas. The Schedule of rates of the South Kanara Dist. for the year 1951-52, ~~which~~ ^{which} is adopted with certain addenda, for the current year also, specifies certain enhanced rates for specific works. Under note (3) of para 1 of the Schedule of rates, 57 roads in the S. Kanara district have been listed for allowing 20% extra rates for works on these roads.

The S.E. P.W.D. Comptroller Circle is requested to state whether the reason for this enhancement is due to the unhealthy nature of the locality and whether the enhancement applies to works on these roads according to the liberal interpretation of the wording of the note or it applies to all categories of works in the area covered by these roads.

A clarification of this aspect is ^{required} ~~important~~ ^{as} ~~since~~ all works under the C.P. scheme are entrusted for execution at estimated rates which are thus to be as accurate as

4

possible.

As the execution of a number of works was
be delayed on this account, the S.E. is
requested to treat the matter as very urgent
and send his reply without delay within

a fortnight, with a copy to
the P.E.D. Bangalore.

Sub:- Cfs. S.K. Area. Block II. Communications.
Construction of a foot bridge at Kodibail in
Shankararaya Village. Sanctioned estimate

Ref- From the PEO. Mangalore ref. No. 2421
154-13 dt 25-5-54.

It is observed that the rates adopted for the above mentioned work are reckoned at 20% over and above the normal rates of the Standard Schedule of rates. It is presumed that this enhancement is adopted according to note 3. on p1 of the Standard Schedule of rates of the South Kanara District and if so, the PEO is informed that the SE Prov. Comptroller Circle has been addressed for clarification of the application of this note.

Apart from the correctness of this application the rates calculated require the following corrections

1) The enhancement by 20%, if it applies at all, is to be reckoned for the charges for Conveyance through the specified roads only and not for the entire distance of Conveyance. Thus the enhancement of the rate of Conveyance throughout the full distance from Mangalore is incorrect.

2) The cost of a ton of Cement is noted as Rs 90/- including storage charges is incorrect ex. Mangalore. The basis for the rate

is not clear, since the usual rate is only Rs 87-8-0. Unless the intention is to supply cement for the work from the P.O.'s stock and unless the rate of recovery is also Rs 90/-, the rate to be adopted should be only Rs 87/8. A rate of Rs 207-15-6 is worked out for conveying cement from Mangalore to Site. The correct rate for conveyance through 73 miles of metalled roads & miles of cart track & four footings by head load will be Rs 25-12-6 + Rs 146-0-0 + Rs 8-0-0 + Rs 1-9-7 (being 20% of Rs 8-0-0) + Rs 10-14-0 i.e. Rs 192-4-1 $\frac{1}{2}$ only. Apart from this, considering the huge amount involved in charges of conveyance, it may be examined whether cement is not available in nearby towns at a cheaper rate. The P.O. is requested to ascertain and report the actual market rates for cement in the towns near ^{to} the site of the work.

3) The wages of women masons as in the approved schedule ^{are} Rs 10-0-0 a day. But under the 'Minimum wages act', a minimum of Rs 13-0-0 is applicable. Thus if at all the rate is to be enhanced by 20%, the enhancement is to be only on Rs 10-0-0. But the minimum of Rs 13-0-0 may be adopted.

In view of the above discrepancies, the P.O. is requested to revise the rates, after the applicability of the enhanced rates is

Construction of a foot-bridge at Kodibail in Shanker-
narayana Village. Sanctioned estimate

p/ct-

Ref. - From the P.E.O. Mangalore ref. C No. 2421/SA-B
dated 25.5.54

Please see the proceedings of the P.E.O. Mangalore at p/ct.,
sanctioning an expenditure of Rs 2438/- out of an estimate
for Rs 3250/- for constructing a foot-bridge at Kodibail in
Shankernarayana Village. The work is listed in the
approved work programme and the estimate is approved
by the A.E. (CP).

But the following discrepancies in the estimate require
clarification -

- 1) According to the Standard Schedule of rates for this
district, certain works ^{on} certain roads are to be estimated
at rates 20% higher than the normal. The note on p. 1 of the
Standard Schedule lists out 57 roads, the rates for works
on which are to have this enhancement. The work in
question is not one on any of these roads listed in the
Standard Schedule, but the enhanced rates have been adopted.
It may have to be ascertained from the S.E. P.W.D. who is the
approving authority for Standard rates, whether the enhancement
covers works on the specified roads only (according to the
literal interpretation of the note) or it covers all works
in the area served by these roads. This aspect is
important since the rates of the estimate are the rates for
payment of work and these rates as adopted are now 20%
over and above the normal rates.

2) Even if the enhanced rates are to apply in this case, the PEO has not correctly arrived at the rates of Conveyance & Cost, especially Cement.

The SE Coimbatore Circle & the PEO may be addressed to clarify the issue.

Subject to orders & draft memo ~~are each to the SE & the PEO~~, are put up for approval

F from the Superintending Engineer, Coimbatore circle, no. 7887 D. 10-7. 1954

Please see the letter from the PEO S. E. PWD Coimbatore circle at p 9 et. He has stated that the enhancement of rates by 20% on certain roads covers all categories of works situated in the areas served by these roads, due to the unhealthy nature of the locality. A copy of this letter may be forwarded to the PEO.
